**Subject:** RE: AB 75 - amendment drafting request - school choice

Here is what we are trying to achieve --

Schools that attain accreditation or are exempt due to pave approval are exempt from these two requirements. Only those in the process of attaining accreditation would be subject to the requirements.

Does that help to clarify?

Hi Denise --

Here are my questions on items 4. and 5, below. Please pass on these questions to the sponsor of these items.

The first question applies to both 4. and 5. What do you mean by "apply only to schools facing deadlines for accreditation as of the date of enactment of the bill"?

Under current law, all schools that are participating in the program and that are not accredited face a deadline for accreditation. Similarly, under current law, if a school enters into the program and is not accredited, it faces a deadline. The deadline for both categories is "by December 31 of the 3rd school year following the first school year that begins after June 30, 2006, in which it participates in the program under" section 119.23. This requirement does not change in the budget or in the substitute amendment.

Do you intend that items 4. and 5. would apply only to those nonaccredited schools that are participating in the program on the effective date of the bill (on the date after the bill is published) and not to schools that seek to participate in the program on some later date?

If that is the case, please note that the increased instructional hours requirement and the staff credentials requirements \*first apply\* to schools participating in the program in the 2010-11 school year. (See Sections 9339 (4) and (5) of AB 75). Or...

Do you intend that items 4. and 5. would apply to all schools that are not accredited on the date of the bill, including schools that \*are\* participating in the MPCP and schools that are \*not\* participating in the MPCP but that someday might participate in the MPCP?

Here are my questions that are specific to the items:

4. Amend the provision requiring increased mandatory hours of instruction to apply only to schools facing deadlines for accreditation as of the date of enactment of the bill. (See Sec. 2281 of AB 75, creating Wis. Stat. Sec. 119.23(a)8). Schools that are accredited have already met instructional time requirements -- this is duplicative.

The instructions indicate that the increased school hours requirement at Section 2281 of AB 75 is duplicative. I am not aware of this requirement as it applies to private schools elsewhere in state statutes. If private schools participating in the MPCP are voluntarily complying with this requirement on their own, that does not make the requirement at Section 2281 of AB 75 duplicative.

That said, I can easily draft a provision which makes the increased school hours requirement apply only to schools that are "facing deadlines for accreditation as of the date of the bill" (once I understand what you mean by that). However, by removing the increased hours requirement as it applies to all private schools participating in the MPCP from the budget bill, private schools that are participating in the MPCP and that are accredited or that later become accredited would no longer be required by any law to comply with the increased school hours requirement.

Is that your intent?

5. Amend the provision on staff credentials (see language from Motion # 700) to require that the B.A. requirement for teachers only apply to those in schools facing deadlines for accreditation as of the date of enactment of the bill. Schools that are already accredited must demonstrate that teachers have college degrees.

I am not clear what distinction this item is making between schools that are already accredited and schools that are "facing deadlines for accreditation under the bill." The instructions indicate that the B.A. requirement should only apply to the schools that are "facing deadlines for accreditation under the bill." The instruction then indicates that schools that are already accredited must demonstrate that teachers have college degrees. A B.A. is a college degree.

Am I missing something?

Please feel free to call me at the number below (or respond to this email) over the weekend. I will be checking messages.

Thanks,  
Tracy

**Subject:** AB 75 - amendment drafting request - school choice

Please draft each of the following as a separate amendment to ASA 1 to AB 75:

1. Delete the provision requiring choice schools with an enrollment of more than 10% limited-English proficient pupils to have a bilingual-bicultural education program. See JFC motion #700.
2. Delete provision in AB 75 providing \$71,300 in 2009-10 and \$92,900 in 2010-11 and 1.0 auditor position beginning in 2009-10 in a new appropriation funded from fees paid by schools intending to participate in the choice program. (See Sec. 2278 of AB 75, amending Wis. Stat. Sec. 119.23(2)(a)3)
3. Delete JFC per pupil payment cut. Instead, return the MPCP funding to current law for the next two years (Gov's budget had it this way). Under that scenario, MPCP pupils would receive a percentage increase equal to the percentage increase in general school aids, but no less than zero. The result is no increase in 2009-10 and a 1.7% increase in 2010-11 to \$6,719. Starting in 2011-12, modify the statute to provide the same funding as 2R charter schools received at JFC (see Motion # 607), which is an annual dollar increase equal to the increase in public school revenue limits.
4. Amend the provision requiring increased mandatory hours of instruction to apply only to schools facing deadlines for accreditation as of the date of enactment of the bill. (See Sec. 2281 of AB 75, creating Wis. Stat. Sec. 119.23(a)8). Schools that are accredited have already met instructional time requirements -- this is duplicative.
5. Amend the provision on staff credentials (see language from Motion # 700) to require that the B.A. requirement for teachers only apply to those in schools facing deadlines for

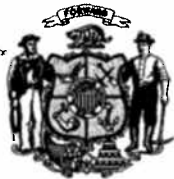

accreditation as of the date of enactment of the bill. Schools that are already accredited must demonstrate that teachers have college degrees.
